

ORANGE DAY  
Youth Protection Committee

Below is a sample letter of permission if you would like to view the video, **Just Yell Fire**, as a Youth Protection program for the adults and/or girls in Rainbow districts. It is necessary to use this release if you choose to show it as part of the Youth Protection program. This is the video shown to the adults on "Red Day" in February and since the response was very positive, it has been made available for your use.

Dear Parents,

Fact – 1 in 4 girls will be date raped before they finish college and there are more than 565,000 Registered Sex Offenders living in the United States.

The Youth Protection Committee would like to offer help that could make a difference in the lives of our young ladies. If we could help prevent an assault on just one girl, the effort would be well worth it.

There is a video related to situations that young girls are confronted with in more cases than we would like to admit. This video, **Just Yell Fire**, was developed by two high school girls as a class project and has been made available for free. It shows simulated cases of how predators operate and offers advice through martial arts on how to avoid being abducted or violated. There are a few scenes that are sensitive, which is why we want your permission for your daughter to view the video.

You are invited to attend the viewing or ask about previewing it if you feel the need.

-----

I give my permission for my daughter \_\_\_\_\_ to  
watch the video, **Just Yell Fire** and have read the above information related to  
the video. \_\_\_\_\_
